What problem are we trying to solve?

Name or team _____ **Date** _____

Look closely at the two photographs. Point to a detail before you explain it.

A Hive boxes outdoors

Ivan Radic / CC BY 2.0

B A beekeeper checks a frame

Bruce Dupree / Alabama Extension / CC0 1.0

1 Notice

Write one thing you can see in each photo.

Photo A _____

Photo B _____

What might one detail mean?

It might _____

_____

What can’t the photos tell you yet?

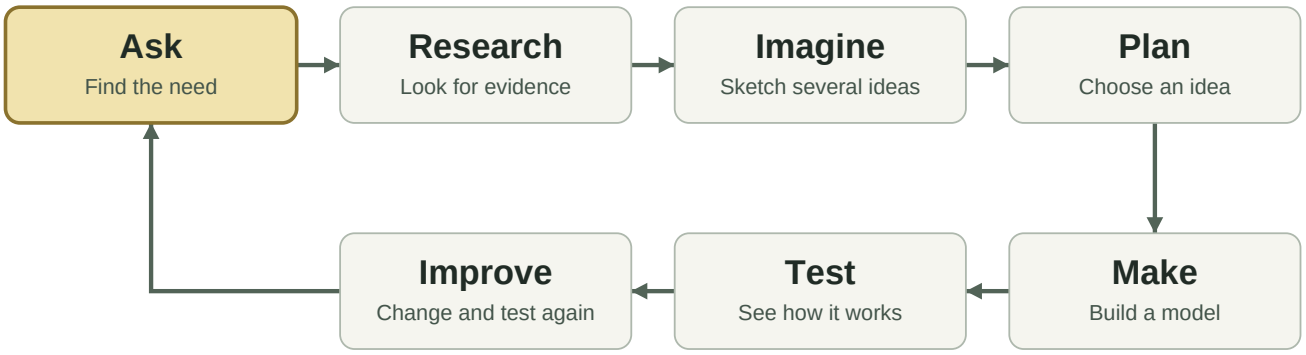

_____

_____

Example I see a brick on the lid. It might hold the lid in place. I would need to check why the brick was put there.

Your team’s first problem

Today we are at Ask.

Use what you learned to revisit an earlier step.

2 Name a possible difficulty

Circle who might need help. ◯ Bees ◯ A beekeeper ◯ Both

We think _____ may have difficulty with

_____

when _____

Underline the part you still need to check.

3 Ask one question

Write one question your team can investigate in Lesson 2.

_____

_____

Who will look for evidence? _____ **Due date** _____

Check with another pair

- ☐ We named who might need help.
- ☐ We marked something we still need to check.
- ☐ Our question is specific enough to investigate.
